Ladies and Gentlemen,

The Cracow Harp Quintet is an ensemble founded in 2019, which combines an unusual composition of instruments: harp, flute and string trio. As the only professional chamber ensemble in Poland with this line-up, it promotes music that has been largely forgotten or unpublished. The quintet brings back to life works that combine French impressionism with Polish music. Our artistic activity allows us to contact a wide and varied audience who frequently visit our concerts and follow our activity in the social media.

We kindly invite you to familiarize yourself with the sponsorship offer for 2022, in which we plan to release the debut album "Hommage" by the DUX record label. We are counting on fruitful cooperation that will bring both parties great satisfaction.

Who are we?

The Cracow Harp Quintet is an ensemble consisting of flautist Amelia Lewandowska-Wojtuch, harpist Adrian Nowak, violinist Maria Garstecka, violist Paulina Bargieł and cellist Paweł Czarakcziew. Thanks to a joint initiative, the quintet members share their passion by performing on stages in Poland and abroad, also achieving successes at international competitions (2nd prize at the 7th Iberian Contest of Chamber Music with Harp in Madrid in 2019, Special Award at the 3rd Vienna International Music Competition).

The Cracow Harp Quintet, as the only professional chamber ensemble in Poland with this unusual line-up, promotes chamber music created for the legendary Quintette Instrumental de Paris. The formation is characterized by the "softness of French interpretation" (quoted by Isabelle Perrin) and "fullness and variety of sound equal to a symphony orchestra" (quoted by Margit Anna Suss).

The main part of the group's repertoire are pieces from the late nineteenth and first half of the twentieth century, in particular those derived from French impressionism. In addition to the compositions by, among others Roussel, Cras and Tournier, the program includes works by Polish composers such as Aleksander Tansman. The artists, not limiting themselves to performing impressionist music, constantly expand their repertoire with new items, creating original arrangements of chamber and orchestral works, engaging in projects that go beyond the framework of broadly understood classical music, and carrying out compositional orders. In the winter of 2019, the band's debut album "Świątecznie" was released, containing unusual arrangements of Christmas carols and pastorals.

HOMMAGE

The album "Hommage" is a tribute to the work of composers associated with the Quintette Instrumental de Paris - a formation whose 100th anniversary falls this year. The album will include compositions by artists closely related to them, such as Jean Absil, Jacques Pillois, Jean-Yves Daniel-Lesur and Alexander Tansman. The repertoire is distinguished by a diverse character: French impressionism, medieval monody motifs, fascination with the culture of the Far East, as well as the twentieth-century language of Polish music. The album will include the first world recording of J. Pillois' suite 5 Haïkaï and the first Polish recording of A. Tansman's Sonatina da Camera.

The album will be released in cooperation with the largest record label in Poland, DUX - specializing in classical music. The CD will also be distributed internationally and through the NAXOS company - which enables the album to be published digitally on Spotify, iTunes, Deezer and the NAXOS digital library. The album will be presented on websites and music magazines in Poland and abroad. Recordings will also be submitted to the Fryderyk Award and various foreign competitions. We are able to present all other promotional aspects to you during an interview or a meeting.
